ARTICLE 1 - INTRODUCTION

1.01 The Non-Contributory Pension Plan for Hourly-Rated Employees of the University was established as of July 1, 1962 for the provision of pension benefits to hourly-rated employees of the University.

1.02 This Plan was originally funded under Contract No. GA3158 issued by the Manufacturers Life Insurance Company. University contributions to Contract No. GA3158 were suspended as of June 30, 1971 after which date contributions have been deposited in the Fund for the provision of such benefits.

1.03 Effective July 1, 1979, this Plan was revised and renamed the Contributory Pension Plan for Hourly-Rated Employees of McMaster University Including McMaster Divinity College. Employee contributions to this Plan commenced as of July 1, 1979 and retirement benefits were based on a career benefit plan.

1.04 Effective January 1, 1986 this Plan was revised to provide for retirement benefits based on a final average benefit formula. Benefits accrued under this Plan at December 31, 1985 were increased by one-third for active Members and were frozen. The final average formula applies only to service after December 31, 1985. Pensions to retirees and to terminated employees with vested benefits were also increased by one-third effective January 1, 1986.

1.05 Effective July 1, 1989, the benefits accrued under this Plan at December 31, 1985 were further increased, for all active Members, by 20%, and for all pensioners by 10%.

1.06 Effective July 1, 1992, the benefits accrued under this Plan at December 31, 1985 were further increased, for all pensions in payment as of June 30, 1992, by 8%. At the same time, the benefits accrued under this Plan at December 31, 1985 were further increased, for all active Members, by 8%.

1.07 Effective from January 1, 1988 this Plan has been administered in accordance with the *Pension Benefits Act*. 

1
1.08 Benefits provided under the provisions of Contract No. GA3158 for service prior to July 1, 1971 will continue to be a portion of the benefits provided under this Plan, either by direct payment by the Manufacturers Life Insurance Company to the retired employee or by the transfer of assets from the Manufacturers Life Insurance Company to the Fund, and the payment of all benefits from the Fund.

1.09 This Plan was last amended and restated effective January 1, 2019 to incorporate amendments made to date, to reflect changes required or permitted under the Pension Benefits Act and to clarify certain provisions.

1.10 This Plan as set out in this restated text consolidates all amendments to this Plan made since the last restatement effective January 1, 2019, and is restated as at May 1, 2020.

1.11 This restatement shall not operate in any way to reduce or otherwise adversely affect a Member’s entitlements accrued under this Plan up to May 1, 2020.

1.12 This restatement as of May 1, 2020 shall not operate in any way to enlarge upon the rights and entitlements for individuals who terminated participation in this Plan prior to May 1, 2020, except as may be required by the Pension Benefits Act and the Income Tax Act.

2.05 **Beneficiary** means a beneficiary designated by a Member in accordance with Section 12.05.

Credited Service shall be determined from the records of the University.

(b) In respect of periods of unpaid absence after December 31, 1990, the aggregate of Credited Service granted under Section 11.06(b) is limited to a maximum full-time equivalent of five (5) years, plus an additional three (3) years credited in respect of any “period of parenting” as defined in paragraph 8507(3)(b) of the Income Tax Regulations.

4.02 Adjustment of Credited Service

For any period of Continuous Service in which the Employee works less than full time, Credited Service shall be adjusted so that the proportion of the total years and partial years of the uninterrupted participation equals the proportion that hours worked as a part-time Employee bears to the full-time workload. For any period of absence for which Credited Service is granted, the hours the Member would have worked had the Member been actively employed on the same part-time basis that was in effect immediately before the absence are included in the determination of the ratio.
Limitation on Credited Service

No service with the University that is included in the calculation of a pension benefit under any other pension plan of the University may be included in Credited Service under this Plan.

6.02 Early Retirement Benefit

(a) Each Member whose employment with the University is terminated during the ten (10) year period preceding the Normal Retirement Date shall elect, prior to the date upon which his pension commences,

**6.05 Pension Adjustment**

In no event shall the benefit accrued by a Member in a Plan Year under Section 6.01 result in a pension adjustment, as defined by the *Income Tax Act*, for the Member in excess of the limits for the year prescribed by the *Income Tax Act*. 
6.06 **Annual Pension Increase**

(a) On January 1 of each year, pensions in pay from this Plan are increased utilizing the pensioner reserve method as described below:

(b) Pensions in pay on January 1 of each year shall be increased by the percentage determined in Section 6.06(a) multiplied by a fraction, the numerator of which is the number of months (maximum 12) the pension was in pay during the previous Plan Year and the denominator of which is twelve (12).
(c) Notwithstanding Sections 6.06(a) and (b), pension increases shall not exceed the maximum amount permitted under the *Income Tax Act* and, for Members who commenced payment of a pension under this Plan before attaining age sixty (60) and before January 1, 1992, under Information Circular 72-13R8 as issued by Canada Revenue Agency and as amended from time to time.

(d) Notwithstanding the provisions of Sections 6.06(a) and 6.06(b), the increase to pensions in pay effective January 1, 2003 will be calculated using the same method but using 50% of the percentage determined in subsection 6.06(a)(i) and using the percentage increase in the average Consumer Price Index between the periods (1) January 1, 2001 to December 31, 2001 and (2) July 1, 2001 to June 30, 2002.

6.07 Pension Increase

Pensions paid from the Fund may be increased as negotiated with the bargaining units and as set out in Schedule A, provided such increases are warranted by increases in the Consumer Price Index after the benefits commence to be paid and subject to the limit in Section 6.06(c) above.

6.08 Bridging Benefit

Subject to Sections 6.09 and 6.10:

(a) a Member who commences payment of a pension under this Plan on or after July 1, 2001:

(i) pursuant to Section 5.03, is entitled to receive, in addition to the benefit provided under Section 6.01, an annual bridging benefit payable in equal monthly installments in an amount equal to $12 per month for each year of Credited Service prior to July 1, 2001, payable from the later of: the Member's pension commencement date and the first day of the month coincident with or next following the date on which the Member attains
age sixty (60), and ceasing with the payment immediately preceding or coincident with the earlier of the Member’s Normal Retirement Date and the date of his death; or

(ii) pursuant to Section 5.02, is entitled to receive, in addition to the benefit provided under Section 6.02, a bridging benefit as set forth in Section 6.08(a)(i) but reduced by 0.25% for each month by which the date on which the bridging benefit commences to be paid, precedes the Member’s Normal Retirement Date.

(b) a Member who commenced payment of a pension under this Plan prior to July 1, 2001:

(i) pursuant to Section 5.03, is entitled to receive, in addition to the benefit provided under Section 6.01, an annual bridging benefit payable in equal monthly installments in an amount equal to $12 per month for each year of Credited Service prior to July 1, 1999, payable in equal monthly installments from the later of July 1, 2001 and his attaining age sixty (60) and ceasing with the payment immediately preceding or coincident with the earlier of the Member’s Normal Retirement Date and the date of his death; or

(ii) pursuant to Section 5.02, is entitled to receive, in addition to the benefit provided under Section 6.02, a bridging benefit as set forth in Section 6.08(b)(i) but reduced by 0.25% for each month by which the date of pension commencement precedes the Member’s Normal Retirement Date.

6.09 Maximum Bridging Benefit

The monthly bridging benefit payable under Section 6.08 shall not exceed the amount of benefits payable to the Member under the Canada Pension Plan and under the Old Age Security Act assuming the Member is:
sixty-five (65) years of age at the date of pension commencement;

(b) entitled to receive the maximum Old Age Security benefits; and

(c) entitled to that proportion, not exceeding 1, of the maximum benefits payable under the Canada Pension Plan that the total of the Member’s remuneration for the three (3) calendar years in which the remuneration is highest bears to the total of the YMPE for those three (3) years,

reduced proportionately in the case of a Member who has completed less than ten (10) years of Credited Service as at that date and further reduced by 0.25% for each month by which the Member’s pension commencement date precedes his attaining age sixty (60).

Notwithstanding the foregoing, in no event shall the monthly bridging benefit be paid for a period greater than sixty (60) months.

6.10 Combined Bridging and Pension Maximum

Where a Member receives a bridging benefit pursuant to Section 6.08, for the year in which the bridging benefit is initially paid, the annual combined bridging benefit plus the pension benefit to which Section 6.04 is applicable, both for Credited Service after 1991, shall not exceed the amount determined by the formula:

\[ (A \times B) + (0.25 \times C) \times \frac{D}{35} \]

where

- \( A \) is $3,092.22 for the year 2020 or such greater amount permitted under the Income Tax Act for the calendar year in which the benefits commence to be paid;

- \( B \) is the Member’s Credited Service after 1991;
C is the average of the YMPE for the year in which the benefits commence to be paid and for each of the two (2) preceding calendar years; and

D is the lesser of 35 and the amount determined for B.

6.11 Supplementary Pension Increase

(a) If in any year after 2001, the percentage calculated in Section 6.06(a)(i) (the “Excess Interest Formula”) exceeds the percentage calculated in Section 6.06(a)(ii) (the “CPI Formula”), such excess will be used to provide a supplementary increase to the annual amount of those pensions in pay from this Plan which had their annual pension increase (as calculated in Section 6.06(a)(i)) in any of the three (3) previous calendar years based on the Excess Interest Formula.

(b) The supplementary increase shall be the lesser of:

(i) the percentage increase described in Section 6.11(a) by dividing \((1 + \text{the Excess Interest Formula})\) by \((1 + \text{the CPI Formula})\); and

(ii) the increase necessary to produce an annual pension that would result from granting increases based on the CPI Formula in each of the three previous years (starting with the year three (3) years previous) in which a lower increase (including any previous supplementary increases) has been provided and shall be applied after the increase in Section 6.06 has been determined.

(c) Notwithstanding Sections 6.11(a) and (b) above, supplementary pension increases shall not exceed the maximum amount permitted under the Income Tax Act and, for Members who commenced payment of a pension under this Plan before attaining age sixty (60) and before January 1, 1992, under Information Circular 72-13R8 as issued by the Canada Revenue Agency as amended from time to time.
6.12 **Commencement and Duration of Pensions**

Except as otherwise provided for in this Plan, the payment of pension benefits to a Member shall commence on the applicable commencement date specified in this Plan and shall be payable on the first day of each month thereafter during the remaining lifetime of the Member, with the last payment to the Member being made on the first day of the month in which the Member dies, subject always to the terms of the normal form or any optional form of pension applicable to the Member pursuant to Article 7.
ARTICLE 7 - FORM OF PAYMENT OF PENSION BENEFITS

7.01 Normal Form of Benefit - Single Member

A Member who does not have a Spouse at the time pension payments begin shall receive a retirement pension from this Plan, payable for the life of the Member in monthly installments, commencing on the Member's retirement date, or later pension commencement date determined in accordance with Section 6.12, and is payable in equal monthly installments thereafter during the Member’s lifetime, with a guarantee that if the Member dies before 120 monthly payments are made, that number of the one hundred and twenty (120) monthly payments remaining unpaid shall continue to be paid to the Beneficiary until all remaining monthly payments have been made or, at the election of the Beneficiary, the Commuted Value of the remaining payments shall be paid in a lump sum cash payment. If there is no such Beneficiary, the Commuted Value of the remaining payments shall be paid in a lump sum cash payment to the estate of the Member.

7.02 Legislative Form of Benefit - Member With a Spouse

(a) A Member who has a Spouse at the time pension payments begin shall receive a monthly retirement pension in the form of a joint and survivor annuity payable from the Member’s pension commencement date, in equal monthly installments to the first day of the month in which the Member dies, with 60% of the monthly amount continuing to be paid thereafter to the surviving Spouse of the Member ceasing on the first day of the month in which the Spouse dies.

(b) Such pension as described above shall have the Actuarial Equivalent value of the normal form of benefit to which the Member is entitled under Section 7.01.

(c) The Member and his Spouse entitled to this benefit may waive this entitlement by delivering to the University a written waiver in a form prescribed under the Pension Benefits Act.
Such waiver shall be submitted to the University along with the form of pension to be paid prior to the commencement of payment of the pension benefit.

7.03 **Optional Forms of Pension**

Subject to Section 7.02(c), at any time prior to the commencement of pension benefit payments, a Member may elect to receive one of the optional forms of pension described below in lieu of the normal form of benefit provided under Section 7.01 above. The optional forms of pension described below shall be the Actuarial Equivalent of the normal form of benefit to which the Member is entitled under Section 7.01 above.

(a) **Life Only**

A monthly pension payable for life only with no minimum guaranteed period.

(b) **Life and Five (5) Years Guaranteed**

A monthly pension payable for at least five (5) years and as long as the Member survives.

(c) **Life and Ten (10) Years Guaranteed**

A monthly pension payable for at least ten (10) years and as long as the Member survives.

(d) **Joint and Survivor**

A monthly pension payable for the life of the Member and continued after the Member’s death to a joint annuitant in such amount that is permitted by the University, the *Pension Benefits Act* and the *Income Tax Act*. The Member may only designate as a joint annuitant his Spouse.
(e) **Joint and Survivor Reducing on First Death**

A monthly pension payable to the earlier of the death of the Member and the death of the Member’s joint annuitant, and continuing to be paid thereafter for the life of the survivor in an amount that is permitted by the University, the *Pension Benefits Act* and the *Income Tax Act*. The Member may only designate as a joint annuitant his Spouse.

(f) **Other Optional Forms**

The University may adopt other optional forms of benefit consistent with rules and regulations affecting this Plan and may, in special circumstances and subject to the *Income Tax Act* and the *Pension Benefits Act*, permit other settlements.

7.04 **Changes to Optional Form and Pension**

A Member who has elected an optional form of benefit may change such election at any time prior to the commencement of pension benefit payments.

7.05 **Cancellation of Election of Joint and Survivor, or Joint and Survivor Reducing on First Death Pension**

In the event a member has elected, or is deemed to have elected, a pension payable in a joint and survivor, or joint and survivor reducing on first death form, and the named contingent annuitant dies after the election or deemed election is made but prior to the date the first instalment of such pension is due to be paid, the Member’s election or deemed election shall be cancelled. In that event, the Member shall be administered the option to elect another form of pension and, if the Member does not make such an election, the Member’s pension shall be payable in the normal form for a Member who does not have a Spouse.
7.06 **Shortened Life Expectancy**

In the event that a Member, Former Member or Pensioner becomes disabled to the extent that his life expectancy is likely to be considerably shortened within the meaning of the *Pension Benefits Act*, the University may, at the request of the Member, Former Member or Pensioner, vary the terms of payment of the pension to which the Member, Former Member or Pensioner is entitled, subject to the limitations of the *Income Tax Act*.

7.07 **Acquiring a Spouse After Retirement**

A Member who is receiving from the Fund a form of pension for a Member without a Spouse and who acquires a Spouse subsequent to pension commencement may elect no later than sixty (60) days following the date of acquiring a Spouse to have the pension benefit recalculated and paid in the form of a joint and survivor pension. Such pension shall be the Actuarial Equivalent value of the pension in pay and, subject to any reconciliation of benefits paid to the Member between the date on which the Member acquired a Spouse and the date on which the recalculated pension benefit amount commences, will commence to be paid from the first day of the month coincident with or next following the date upon which the Member acquired a Spouse. For greater certainty, the election contemplated in this Section 7.07 is available both to Members who did not have a Spouse on their pension commencement date under this Plan, and to Members who did have a Spouse on their pension commencement date under this Plan but in respect of whom a joint waiver was provided to the University in accordance with Section 7.02(c) and who acquired a different Spouse after their pension commencement date.

provided, however, that a Member’s contributions for any Plan Year shall not exceed the maximum amount permitted by the *Income Tax Act* for that Plan Year. Notwithstanding the foregoing, with respect to part-time Employees or for individuals who become Employees by virtue of Section 2.12(c), Member contributions for any Plan Year shall be pro-rated by a ratio, the numerator of which is the Member’s hours scheduled to be worked as a part-time Employee during the Plan Year and the denominator of which is the hours regularly scheduled to be worked as a full-time Employee.

Historical Member contribution rates since July 1, 1989 are set out in Appendix 1 to this Plan for reference purposes only.

8.02  **Contributions by the University**

Subject to Section 8.04, the University shall make payments for deposit in the Fund in such total amount as, based on the advice of the Actuary, is required to provide the normal cost of benefits currently accruing to Members in accordance with the provisions of this Plan, after taking into account the assets of the Fund, and all other relevant factors. The University shall also make contributions to the Fund in respect of:

(a) any going concern unfunded liability;

(b) the provision for adverse deviations in respect of the normal cost;

(c) a Plan amendment that increases going concern liabilities; and

(d) any reduced solvency deficiency under this Plan,
if, and in the manner, prescribed by the *Pension Benefits Act*, where terms used in this Section 8.02 have the meanings assigned to them under the *Pension Benefits Act* and its related regulations, provided that nothing in this Section 8.02 shall be construed to expand or restrict any authority the University may otherwise have or may otherwise acquire to apply surplus toward its contribution obligation under the Plan.

No contribution shall be made by the University to the Fund in accordance with this Section 8.02 unless it is an eligible contribution as defined by the *Income Tax Act*.

8.03 **Minimum University Contribution**

Effective July 1, 1999, the sum of:

(a) the University contributions to this Plan during the Plan Year; plus

(b) any lump sum payments to a Member during the Plan Year paid directly by the University consisting of the excess by which twice Member contributions with Net Interest on the Fund exceeds the sum of the Commuted Value of the pension accrued to the Member plus any related lump sum amount paid to the Member from this Plan; shall, in no event, be less than the contributions made by the Members during this Plan Year.

8.04 **Deposit of Contributions**

The University shall pay into the Fund all sums received by the University from an Employee or deducted from an Employee’s pay as the Employee’s contribution to this Plan within the calendar month following the month the sum was received or deducted. The University’s contributions shall be paid into the Fund as and when prescribed under the *Pension Benefits Act*. 
8.05 University Contributions Must be Eligible Contributions

Notwithstanding Sections 8.02 and 8.03, no contribution shall be made by the University to the Fund unless it is an eligible contribution as defined by the *Income Tax Act*. 
ARTICLE 9 - TRANSFERS TO THE SALARIED PLAN

9.01 Transfer From This Plan to the Salaried Plan

If an Employee who is entitled to benefits under this Plan is transferred to employment with the University in which he is eligible to participate under the Salaried Plan,

(a) the Commuted Value of the benefits to which that individual was entitled under this Plan as at the date of transfer shall be deposited to the fund for the Salaried Plan;

(b) upon completion of the transfer under (a) above, the individual shall have no entitlement to benefits under this Plan; and

(c) the pensionable service of the individual for purposes of the Salaried Plan shall include the individual’s Credited Service under this Plan.

In no event shall the Member’s Commuted Value be transferred from this Plan to the Salaried Plan pursuant to Section 9.01(a) unless the administrator of the Salaried Plan confirms that the commuted value of the benefits in respect of the pensionable service recognized under the Salaried Plan prior to the date of transfer will not be less than the Commuted Value amount transferred from this Plan to the Salaried Plan.
ARTICLE 10 - TERMINATION OF EMPLOYMENT

10.01 Value of Accrued Pension

Subject to Section 10.04 and Section 10.05 below, if the employment of a Member is terminated for any reason other than death or disability prior to his commencing receipt of a pension under this Plan, then he shall become a Former Member until full and final settlement of all entitlements under this Plan have been made as described in this Article 10, or until he becomes a Pensioner, and he may elect (a) or (b) below with respect to that portion of his entitlements not described in Section 10.02:

(a) to transfer an amount equal to the Commuted Value of the Member’s pension to such other pension plan or retirement arrangement that may permit such transfers to be made provided that the transfer is made in the form and manner prescribed by the Income Tax Act and the Pension Benefits Act, and provided that the administrator of the plan to which money is transferred agrees in writing that the amount transferred shall be locked in to provide a life annuity under which payments shall not commence prior to the individual’s Early Retirement Date under this Plan; or

(b) to receive a deferred pension equal to the pension accrued to the date of termination, payable in the normal form provided for under this Plan and commencing at the Normal Retirement Date.

Where the Member fails to make an election in accordance under this Section 10.01 within the period prescribed by the University for this purpose (which period shall comply with the Pension Benefits Act), the Member shall be deemed to elect the option provided for under Section 10.01(b) and the Member shall no longer be eligible to elect the option provided for under Section 10.01(a). Such deemed election shall apply to the amounts, if any, to which the Member is entitled under Section 10.02.
10.02 Excess Employee Contributions

(a) Where a Member elects a transfer in accordance with Section 10.01(a), the amount, if any, by which twice the Member’s required contributions accumulated with Net Interest on the Fund exceeds the Commuted Value of any pension benefit payable under this Article 10 and other benefits accrued or granted to or in respect of the Member shall be paid as soon as practicable following the date of termination of service with the University, provided that:

(i) the amount is paid in the form and manner prescribed by the Income Tax Act and the Pension Benefits Act; and

(ii) the aggregate amount of current service contributions made by the Member in respect of a calendar year after 1990, does not exceed the lesser of:

   (A) 9% of the aggregate of all amounts each of which is the Member’s compensation for the year from the University, and

   (B) the sum of $1,000 and 50% of the aggregate of all amounts each of which is the amount that would be the Member’s pension adjustment as defined and determined under the Income Tax Act for the year.

(b) Except where the Member elects a transfer in accordance with Section 10.02(a), in addition to the benefit payable under Section 10.01, the amount, if any, by which the Member’s required contributions accumulated with Net Interest on the fund exceeds 50% of the Commuted Value of any pension benefit payable under this Section 10.01 and other benefits accrued or granted to or in respect of him shall be paid to the Member as soon as practicable following the date of termination of service with the University.
10.03 **Termination Prior to Age 55**

A Member terminating prior to age 55 and electing a deferred pension under Section 10.01(b) is entitled to elect to commence receiving a pension on the later of the first day of any month coincident with or following the date the Member attains age 55, or on the Member’s Special Early Retirement Date if applicable. Such pension shall not commence prior to the date the individual notifies the Administrator of such election. Such early retirement pension for a Member who had not attained their Special Early Retirement Date as at their date of termination of employment shall be the Actuarial Equivalent of the deferred pension payable on the Member’s Normal Retirement Date, subject to Section 6.02(b). If the Member had attained their Special Early Retirement Date as at their date of termination of employment, their early retirement pension shall be unreduced.

10.04 **Termination at or After Age 55**

A Member terminating at or after age 55 is entitled to receive an immediate or deferred pension benefit determined in accordance with Section 6.02. For greater certainty, a Member terminating in accordance with this Section 10.04 shall not be eligible to elect a transfer in accordance with Section 10.01(a).

10.05 **Excess Transfer Amounts**

Amounts transferred in accordance with Section 10.01(a) shall not exceed the maximum amount prescribed for this purpose by the *Income Tax Act*. The excess of the amount payable under Section 10.01(a), as applicable, plus Net Interest on the Fund, if any, over the amount transferable in accordance with the *Income Tax Act* will be paid directly to the Member as a lump sum cash payment.

10.06 **Grow-in Benefits**

Where a Member's employment has been terminated as a result of an "activating event", as that term is used in Section 74 of the *Pension Benefits Act*, as it may be modified and
renumbered from time to time, and the Member's combination of age plus years of Continuous Service or continuous membership in this Plan equals at least fifty-five (55) on the effective date of the terminating event, then such Member has the right, but only to the extent required by Section 74 of the Pension Benefits Act, to receive a pension commencing prior to Normal Retirement Date, calculated in accordance with Article 6, as modified by Section 74 of the Pension Benefits Act. The dates on which such a benefit can commence will be as provided for under the Pension Benefits Act.

For greater certainty, for purposes of entitlement to a bridging benefit under Section 6.08, the affected Member must have at least 10 years of Continuous Service.
ARTICLE 11 - DISABILITY AND LEAVE OF ABSENCE

11.01 Member Required Contributions During Disability

A Member is exempted from the requirement to make contributions to this Plan during a period of Total Disability. Notwithstanding any provision of this Plan, Sections 11.01 through 11.05, inclusive, do not apply to Members who meet the definition of Employee pursuant to Section 2.12(a)(i) (Operations and Maintenance Employees).

11.02 Credited Service During Disability Period

Each year, or part thereof, during the period of Total Disability counts as a year, or part thereof, of Continuous Service and Credited Service for the Member as if he were not disabled, and the benefit is determined based on the provisions of this Plan, as modified by Section 11.03, that are in effect at the date specified in either Section 11.04 or 11.05.

11.03 Earnings During Disability Period

For the purpose of disability accrual as described in Section 11.02, the Member’s Regular Annual Earnings are deemed to be equal to the rate of Regular Annual Earnings received by the Member immediately before the commencement of his period of Total Disability, subject to such periodic increases as would have applied to the Member had he remained actively employed in the same class of employment, as determined by the Administrator.

11.04 Disability Ending Before Normal Retirement

(a) If the Member ceases to be Totally Disabled and returns to active employment with the University within thirty (30) days of the date specified by the University, his pension is calculated based on the provisions of this Plan, as modified by Section 11.03, in effect as at the date of his subsequent termination or commencing payment of a pension under this Plan.

(b) If the Member ceases to be Totally Disabled and does not return to active employment with the University within thirty (30) days of the date specified by
the University, he will be deemed to have terminated his employment for purposes of this Plan as of the date on which his Total Disability is deemed by the University to have ceased and his pension is calculated based on the provisions of this Plan, as modified by Section 11.03, in effect as at the date of his deemed termination.

11.05 Disability Continuing Until Normal Retirement

A Member whose Total Disability continues until his Normal Retirement Date is deemed to elect to commence receipt of a pension under this Plan on his Normal Retirement Date and his pension is calculated based on the provisions of this Plan, as modified by Section 11.03, in effect as at the date of his pension commencement under this Plan.

11.06 Credited Service During Leave of Absence

(a) Leave with Pay

If a Member is granted a leave of absence with pay, contributions and benefit accruals shall continue.

(b) Leave without Pay

Subject to Sections 11.06(c) and 11.06(d), where a Member goes on a leave of absence without pay that is approved by the University, the Member shall elect:

(i) to cease contributions and benefit accruals under this Plan in respect of the period of absence; or

(ii) to continue contributions and benefit accruals under this Plan in respect of the period of absence, in which case the Employee shall, in a form and manner acceptable to the University, remit contributions to the University in an amount equal to the Employee’s required contribution calculated in accordance with Section 8.01 and, for purposes of this calculation,
Regular Annual Earnings shall be that which would have been in effect had the individual remained an active Employee.

Such election shall be made in the form and manner prescribed by the University for this purpose from time to time (and, where practicable, prior to commencement of the leave).

(c) Notwithstanding Section 11.06(b), and subject to Sections 11.01, 11.02 and 11.03, if applicable, unless otherwise specifically negotiated under a collective bargaining agreement with the relevant bargaining unit, a Member who is an Employee by virtue of Sections 2.12(a)(ii), (iv), (v) or (vi) whose approved unpaid leave of absence is not a leave of absence in respect of which the Employment Standards Act, 2000 or other applicable legislation requires that the Member be provided the option to continue to participate in this Plan, shall cease contributions and benefit accruals under this Plan in respect of the entire period of absence effective on the following dates:

(i) December 10, 2015, Machinists;

Notwithstanding Section 11.06(b), effective April 18, 2019, a Member who is an Employee by virtue of Section 2.12(a)(i) whose approved unpaid leave of absence is not a leave of absence in respect of which the Employment Standards Act, 2000 or other applicable legislation requires that the Member be provided the option to continue to participate in this Plan, shall cease contributions and benefit accruals under this Plan in respect of the period of absence; for greater certainty, this Section 11.06(d) shall apply in respect of leaves of absence commenced prior to, or on or after, April 18, 2019.
ARTICLE 12 - DEATH BENEFITS

12.01 Value of Death Benefit Prior to Retirement

If a Former Member who is entitled to a deferred pension under Article 10 dies prior to the date his pension commences to be paid under this Plan, the Former Member’s Spouse or, where no Spouse exists or the Spouse has waived entitlement, his designated beneficiary or estate, shall receive the Commuted Value of the pension accrued to the Member.

12.02 Excess Employee Contributions

(a) In addition to the benefit payable under Section 12.01, the amount, if any, by which twice the Member’s required contributions accumulated with Net Interest on the Fund exceeds the amount payable under Section 12.01, shall be paid to the Member’s Spouse or, where no Spouse exists or the Spouse has waived entitlement, to his designated beneficiary or estate, as soon as practicable following the date of the Member’s death, provided that:

(i) the payment is made in the form and manner prescribed by the *Income Tax Act* and the *Pension Benefits Act*; and

(ii) the aggregate amount of current service contributions made by the Member in respect of a calendar year after 1990, does not exceed the lesser of:

(A) 9 per cent of the aggregate of all amounts each of which is the Member’s compensation for the year from the University; and

(B) the sum of $1,000 and 50% per cent of the aggregate of all amounts each of which is the amount that would be the Member’s pension adjustment as defined and determined under the *Income Tax Act* for the year.
(b) Except where an amount is paid under Section 12.02(a), in addition to the amount payable under Section 12.01 or the benefit payable under Section 12.03, as applicable, the amount, if any, by which the Member’s required contributions accumulated with Net Interest on the Fund exceeds 50% of the Commuted Value of the pension accrued to the Member shall be paid to the Member’s Spouse or, where no Spouse exists or the Spouse has waived entitlement, his designated beneficiary or estate, as soon as practicable following the date of the Member’s death.

12.03 **Spousal Election**

In lieu of the lump sum payments under Sections 12.01 and 12.02, a Spouse is entitled to elect to receive an immediate or deferred annuity which is the Actuarial Equivalent of such lump sum payments or to transfer the Actuarial Equivalent to a registered retirement savings plan.

Where the Spouse elects an immediate or deferred annuity, such annuity must commence at any time prior to the end of the calendar year in which the Spouse attains age 71 or, if the Spouse has already attained age 71, within one (1) year after the death of the Member and end with the payment for the month in which the Spouse’s death occurs.

12.04 **Death Benefit Payable to Spouse**

Notwithstanding Section 12.01 and 12.02, the death benefit is payable to the Member's Spouse unless the Spouse has completed and filed a waiver in the prescribed form, in which case the death benefit is payable to the Member's Beneficiary or, if none, to the Member's estate.

12.05 **Designation of Beneficiary**

(a) A Member may designate, by written notice delivered to the University, a beneficiary to receive any amounts payable under this Plan. Each such written notice shall be in such form and executed in such manner as determined by the
University, subject to all applicable laws. A Member may revoke or amend such designation, including after payment of the Member’s pension has commenced, in the same manner at any time, subject to any applicable laws governing the designation of beneficiaries.

(b) If a Member does not validly designate a Beneficiary, or the Beneficiary predeceases the Member, any benefits payable to the Member's Beneficiary will be paid in a lump sum to the estate of the Member.

(c) If a Beneficiary, as a result of a Member's death, is entitled to payments under this Plan and if the Beneficiary dies before receiving any or all of the payments dues to him, the Commuted Value of the remainder of the payments will be paid in a lump sum to the estate of the Beneficiary.

The contributions made by the University shall not constitute an enlargement of the amount of any benefit to which a Member or the Member’s beneficiaries may become entitled under the terms of this Plan, and shall not, at any time, create any right, title or interest in the assets of the University or the Fund, except those assets of the Fund required to provide the benefits defined, accrued and vested under this Plan.

15.02 Amendment of Plan

(a) No amendment to this Plan shall operate to reduce the benefits which have accrued to Members of this Plan prior to the date of such amendment nor shall the University have the right or power to make any amendment which would cause or permit any portion of the contributions made prior to that date to be diverted for purposes other than the exclusive benefit of Members, their respective estates, beneficiaries or joint annuitants, in accordance with the provisions of this Plan, unless all benefits under this Plan have been fully provided for.

(b) Where an amendment results in a certifiable past service pension adjustment as defined by the Income Tax Act in respect of a Member, the amendment shall not apply to the Member prior to certification.

15.03 Discontinuance of Plan

Except as otherwise required or permitted by law, if this Plan is discontinued or wound-up in whole or in part, each Member affected by such discontinuance or wind-up shall, for the purposes of this Plan, be deemed to have terminated his employment with the University on the date of discontinuance or wind-up and shall receive a benefit in accordance with the provisions of this Plan, the Pension Benefits Act, and the Income Tax Act and the University shall not make further contributions to this Plan except those
