INSTRUCTIONS:

Complete both Part A and Part B of this form.

Please note that the definitions of "**Spouse**" under Part A and Part B are <u>different</u>. It is possible that a person may qualify as your "Spouse" under Part B for the purposes of McMaster's Health and Dental Benefit plans, but not for the purposes of McMaster's Pension Plan. Please carefully read each of the definitions under Part A and Part B before completing this form.

Meaning of "married" (Part A and Part B) – this includes a marriage that was performed in a jurisdiction outside of Canada if the marriage is recognized as legal under the laws of the other jurisdiction.

Meaning of "parents of child" (Part A only) – you and your partner are considered to be "parents of a child" under section 4 of the Children's Law Reform Act if one of the following applies:

- you and your partner are the birth parents of a child; or
- your partner's sperm resulted in the conception of your child conceived through sexual intercourse (unless both of you agree in writing before the child is conceived that your partner will not be parent of the child); or
- you and your partner have consented to be parents of a child that was conceived through assisted reproduction or insemination; or
- you and your partner have signed a "pre-conception parentage agreement" before conception of a child; or
- you and your partner are the intended parents under a "surrogacy agreement"; or
- either you or your partner has been declared a parent of the other's child by a court, or
- you and your partner are the adoptive parents of a child under an adoption order.

If you and your partner are living together in a relationship of some permanence, and any one of the above applies, then your partner will qualify as your eligible "Spouse" under Part A for the purposes of the Pension Plan.

ELIGIBILITY DEFINITIONS AND CO-ORDINATION OF BENEFITS INFORMATION

DEFINITION OF A SPOUSE

For the purpose of all benefit programs, at any given time a member may qualify no more than one spouse for the purpose of dependent coverage. To qualify, a person must satisfy the definition of "spouse" set out below:

"spouse" means:

- a person who is married to you (or is your spouse by marriage under any other formal union recognized by law); or
- a person who has been publicly represented as your spouse for at least the last 12 months.

Note: For information purposes, the employee's married spouse ceases to be eligible for benefit coverage when the employee and such spouse are divorced. If the employee is not married, the employee's spouse ceases to be eligible for benefit coverage on the 90th day after such person is no longer publicly represented as the spouse of the employee.

<u>Both Spouses Employed at McMaster University</u> If both you and your spouse are covered as subscribers under Policy 25018 (i.e. Each have your own coverage as an employee of the University), each spouse is considered to have their own plan when completing the Spouse Details section.

DEFINITION OF DEPENDENT CHILDREN

A dependent means your children and your spouse's children (other than foster children) who are unmarried and under age 21 (or up to age 25 in the case of a full-time student attending an education institution recognized under the Income Tax Act who is entirely dependent on the member for financial support) and for whom you have actual custody or legal financial responsibility. This includes legally adopted children and children for whom you are the legal guardian.

If a dependent child becomes handicapped before the limiting age, coverage will continue so long as:

- the child is incapable of financial self-support because of a physical or mental disability, and
- the child depends on you for financial support, and is not married nor in any other formal union recognized by law.

This is subject to the University/Insurer receiving proof from the member of the dependent child's incapacity no later than 31 days after the dependent child attains the limiting age.

Overage Student If your child is between the ages of 21 and 25 and in fulltime studies, please so indicate on the enrolment form in the Over age Student column.

<u>Disabled Child</u> If your child became disabled prior to the attainment of the limiting age, please so indicate on the enrolment form in the Disabled column.

Other Group Plans Where your child is covered under another group plan, separate from your current spouse's plan, please so indicate on the enrolment form under Other Group Plans. Space is available for Major Medical and Dental. Examples of this would be Student Drug/Health Plans offered at some Universities or coverage provided for a child through a former spouse.

CO-ORDINATION OF BENEFITS

Extended Health and Dental plans make provisions for those situations when an employee and his/her spouse both have plans available to them through their employers. Co-ordination of benefits is a means of dividing responsibility for payment between the two programs involved so that the combined coverage will pay up to 100% of the eligible expenses within the limits of both programs and not to exceed the total expense incurred. Eligible expenses include all items of care covered in whole or in part by at least one of the programs.

Responsibility for payment is determined by differentiating between primary and secondary responsibility between applicable programs. The primary program is responsible for paying as if there were no other program. The secondary program extends the coverage provided by the primary program.

When a patient is covered by two different contracts for benefits, it should be determined which contract carrier is responsible for primary liability for services performed. The protocol for determining the primary carrier which is described here is in compliance with the guidelines established by the Canadian Life and Health Insurance Association (CLHIA).

The basic rules are:

- When an individual is covered by two plans, as a subscriber and as a spouse or dependent, the plan covering the individual as a subscriber is considered primary.
- If the patient is a dependent child and both mother and father have a contract covering the child, then the contract of the parent whose birthday is first in the calendar year is considered primary. (For example, if John Doe's birth date is May 1, 1954 and his spouse's birth date is July 1, 1952, John's policy would be considered primary).
- If the patient is a dependent child of divorced or separated parents, then the order of benefit determination is (a) the parent who holds custody or legal financial responsibility for the child, then (b) the plan of the spouse or parent with custody, and finally (c) the plan of the parent not having custody.
- If the patient has two policies in his or her name, then the contract in effect for the longest period of time is considered primary.

When submitting claims for co- ordination of benefits, submit first to the primary plan and once payment is received, submit a copy of the receipts along with a copy of the payment from the primary plan to the secondary plan.

If you have questions regarding primary/secondary plans and coordination of benefits, please contact your insurance companies directly for assistance in determining the correct order of claims submission.

Voluntary Accidental Death and Dismemberment Sun Life Assurance Company of Canada

DISCLAIMER: If there is a discrepancy between this summary and the policy booklet, the booklet prevails.

Scope of Coverage

Accidental Death and Dismemberment coverage provides benefits if, due to an accident occurring while covered, you or one of your dependents die or suffer any of the losses listed in the *Table of Losses*. Any death benefit paid under this coverage is in addition to the Life coverage.

Eligibility

All active full-time or regular part-time employees, their spouses and dependent children under 21 years of age (under 25 years if a full-time student at an Institution of higher learning) are eligible. If a child becomes handicapped before the limiting age they will remain covered if they are permanently mentally or physically challenged and incapable of self-support.

Plan Benefit Amount & Options

Employee Benefit Amount: An eligible employee may select benefit amounts in increments of \$10,000, subject to a maximum amount of \$500,000.

Adding Family Members for Coverage: There are 2 options from which to choose. In the option where family members can be included, the eligible employee selects their own benefit amount and the family member's benefit amount is an automatic percentage of the employee's benefit amount as follows:

Option A) Employee Only – Covers the employee for the benefit amount selected.

Option B) Family – Covers the employee for the benefit amount selected and:

- i. The spouse for 50% of the employee's benefit amount and each dependent child for 15% of the employee's benefit amount;
- ii. The spouse for 60% of the employee's benefit amount if only a spouse;
- iii. Each dependent child for 20% of the employee's benefit amount if only dependent child(ren)

This benefit will be paid if you or one of your dependents:

- accidentally drown.
- disappear in an accident while travelling. This only applies if the means of transportation disappears, sinks, is wrecked, forced to land or stranded and the body is not found within one year. There must be no evidence that you or your dependent are still alive.
- are in an accident or exposed to the elements and, as a direct result, you or a dependent suffer one of the losses listed below within one year of that accident or exposure.

The amount that will be paid is a percentage of the Accidental Death and Dismemberment coverage. The percentage depends on the loss suffered. The following table shows the percentages that is used to determine the payment.

Before completing this beneficiary designation form, please read the Appendix (Beneficiary Designation Information) carefully. The University cannot provide advice to you in connection with completion of this form. It is strongly recommended that you obtain such independent legal, financial, tax, succession planning and other advice as you deem appropriate prior to making a beneficiary designation.

MEMBER: Last Name	First Name	Employee ID Number
NAME OF PENSION PLAN¹:		
EMPLOYEE GROUP:		
I, the undersigned Plan Member (as stated	d above), hereby revoke all previous	beneficiary and trustee

I, the undersigned Plan Member (as stated above), hereby revoke all previous beneficiary and trustee designations, if applicable, and designate the following beneficiary(ies) to receive any benefit payable to a beneficiary under the Plan¹ upon my death:

Last name	First name	Date of Birth (YYYY/MM/DD)	Relationship to Member	%	Name of trustee (if applicable)
	I	I			

Please Note:

- If a beneficiary dies before you do, that beneficiary's share will be divided equally among your surviving beneficiaries
- If you do not designate a beneficiary, or if none of your named beneficiaries is alive at the time of your death, any amount otherwise payable to your beneficiary will instead be paid to your estate
- If you use the word "heirs", "assigns", "estate", "executor", "legal representative" or any similar words, the beneficiary is your estate

¹ If the Plan is the Contributory Pension Plan for Hourly-Rated Employees of McMaster University Including McMaster Divinity College and the Member's benefits under the Plan are transferred to the Contributory Pension Plan for Salaried Employees of McMaster University Including McMaster Divinity College 2000 (the "Salaried Plan 2000"), the "Plan" shall mean the Salaried Plan 2000 and the Member's beneficiary designation on this form shall apply to the Member's benefits under the Salaried Plan 2000.

DESIGNATION OF BENEFICIARY (PENSION PLAN)

- Please ensure that the numbers in the % column add up to 100%. If percentages are specified for some but not all beneficiaries, beneficiaries for whom no percentage is specified are deemed to have been allocated equal percentages to cover any unallocated share. If no percentages are allocated for any beneficiary, all beneficiaries are deemed to have been allocated equal shares. If the sum of the allocated percentages exceeds 100%, all beneficiaries' allocated percentages are reduced in proportionate share to eliminate the excess allocation. Neither the University nor its agents, delegates or service provider has any obligation to initiate correction of any discrepancy with respect to the % you have specified above. Any unallocated balance will be paid to your estate
- If you require more space to set out your proposed beneficiary designation, please contact the University to request an alternate version of this form

DESIGNATION OF BENEFICIARY (PENSION PLAN)

APPENDIX – BENEFICIARY DESIGNATION INFORMATION

The effect of a pension beneficiary designation, if any, will depend on your personal circumstances at the time of your death, including whether you die before or after pension commencement and whether you have an eligible spouse on the determination date described below.

Death Prior to Pension Commencement ². If you die before pension commencement and you have an eligible surviving spouse *on the date of your death*, the Plan provides that your pre-retirement death benefit (PRDB) will be paid to your eligible surviving spouse. For this purpose, an "eligible surviving spouse" is a person who meets the Plan definition of "Spouse" and who has **not** waived the right to receive your PRDB under the Plan using the prescribed form. A Spouse can only waive the right to your PRDB prior to your death. If your Spouse wants to waive their right to your PRDB, your Spouse is required to complete the FSCO Form 4 — Waiver of Pre-retirement Death Benefit found at https://www.fsrao.ca/pensions/pensions-all-forms and submit the form to the University prior to your death.

An eligible surviving spouse's right to receive your PRDB takes precedence over any beneficiary designation you have made under the Plan. If you designate your Spouse as your beneficiary under the Plan and you later separate, their right to receive your PRDB as your designated beneficiary continues, despite breakdown of the spousal relationship, until you revoke your designation under the Plan.

Death On/After Pension Commencement ². Upon pension commencement, the benefits payable to you (and, if applicable, to your surviving Spouse) depend on the form of pension you choose to receive. Under certain forms of pension, a residual amount may, in certain circumstances, be payable to your designated beneficiary (for example, a form of pension payable for your lifetime only with a minimum number of guaranteed payments, where you die within the guarantee period). Under other forms of pension, no amount can ever be paid to your beneficiary. As a result, on/after commencement of your pension, this beneficiary designation form may have limited effect or no effect, depending on the form of pension you choose. The forms of pension available to you when you retire will be described in your retirement statement and election of options package. It is your responsibility to understand what effect your beneficiary designation will have after you retire, if any, based on the form of pension you elect.

Minor Children. If you designate a beneficiary who is a minor (based on their province of residence), you may appoint an individual or organization to serve as trustee to receive the benefit in trust for the minor until they attain the age of majority. Payment to the named trustee will constitute payment to the designated beneficiary and the University shall be discharged upon making such payment. If a trustee is not appointed for a minor child, payment will be made in accordance with applicable law (**Note**: The ability to appoint a trustee does not apply to minor beneficiaries residing in Québec). The trustee's appointment will become invalid if, on the date of your death, the beneficiary had attained the age of majority in accordance with the applicable legislation. The trust created for the purposes of the benefit shall terminate when the beneficiary attains the age of majority in accordance with the applicable legislation.

² "Pension commencement" refers to the date on which the first instalment of your pension is due in accordance with the Plan and the Ontario *Pension Benefits Act*.
