McMaster University is pleased to provide eligible retired members of CAW Local 555 (Unit 1) with a comprehensive outline of the University sponsored benefit programs. These plans apply to individuals who retire on or after January 1, 2013.

McMaster University provides eligible retired members with the Extended Health, Dental, and Group Life as part of the many valuable benefits available to you upon retirement. This booklet is supplied by Sun Life and contains detailed coverage information of the benefits provided through Sun Life.

The Extended Health benefit is provided in combination with the provincial health plan, in order to protect both you and your eligible dependents against the cost of a wide range of medically necessary services and supplies. To be eligible for coverage under the Extended Health plan with Sun Life you must be covered under your provincial health plan. For further information on your provincial health care coverage, please contact your local provincial health care office. Coverage for emergency expenses outside your province is minimal. We recommend that you purchase additional coverage appropriate for the location where you will be travelling.

General Information

About this booklet

The information in this retiree benefits booklet is important to you. It provides the information you need about the group benefits available through McMaster's group plan with Sun Life Assurance Company of Canada (*Sun Life*), a member of the Sun Life Financial group of companies.

Your group benefits may be modified after the effective date of this booklet. You will receive written notification of changes to your group plan. The notification will supplement your group benefits booklet and should be kept in a safe place together with this booklet.

If you have any questions about the information in this retiree benefits booklet, or you need additional information about your group benefits, please contact McMaster University.

The contract holder, McMaster University, self-insures the following benefits:

- Extended Health Care
- Dental Care

This means that McMaster University plays a role similar to that of an insurance company for its employees. McMaster University has the sole legal and financial liability for the benefits listed above and funds the claims from its net income, retained earnings or other financial resources. Sun Life provides administrative services only (ASO) such as claims processing. The Life benefit is insured by Sun Life.

Eligibility

Eligible retired members must be a resident of Canada and must have been enrolled in the group benefit plan immediately prior to your retirement.

To be eligible for coverage under the Extended Health plan with Sun Life you must be covered under your provincial health plan. For further

information on your provincial health care coverage, please contact your local provincial health care office.

Who qualifies as your dependent

Your dependent must:

- be your spouse or child, and
- be a resident of Canada or the United States, and
- maintain provincial health coverage, and
- be listed as a dependent at the time of retirement.

To be eligible, your spouse must be legally married to you, or be your partner of the opposite sex or of the same sex who has been publicly represented as your spouse for at least the last 12 months, provided that you are not legally married. You can only cover one spouse at a time. Coverage is extended only to the person legally represented as your spouse at the time of retirement.

Your children and your spouse's children (other than foster children) are eligible dependents:

- who are unmarried and under age 21.
- for whom you have actual custody or legal financial responsibility.

A child who is a full-time student attending an educational institution recognized under the Income Tax Act (Canada) is also considered an eligible dependent until the age of 25 as long as the child is entirely dependent on you for financial support and you have actual custody or legal financial responsibility.

If a child becomes handicapped before the limiting age, we will continue coverage as long as:

- the child is incapable of financial self-support because of a physical or mental disability, and
- the child depends on you for financial support, and is not married nor in any other formal union recognized by law.

In these cases, you must notify Sun Life within 31 days of the date the child attains the limiting age. Your employer can give you more

information about this.

Enrolment

You have to enrol to receive coverage. Enrolment in this plan must have been at the time of retirement. To enrol, contact McMaster University to complete the necessary enrolment forms. You must also enrol your eligible dependents in order for them to receive coverage.

When coverage begins

Your coverage begins on the date you retire. If you have single coverage at the time of retirement, you cannot convert to family (dependent) coverage at a later date.

If there are additional conditions for a particular benefit, these conditions will appear in the appropriate benefit section later in this booklet.

Updating your records

To ensure that coverage is kept up-to-date, it is important that you report any of the following changes to your Human Resources Representative at McMaster University:

- in the event your spouse dies or you are no longer married.
- change of name.
- change of beneficiary.
- coverage students.
- change of address.

Accessing your records

As required by legislation, for insured benefits, if you reside in Alberta or British Columbia, you may obtain copies of the following documents:

- your enrolment form or application for insurance.
- any written statements or other record, not otherwise part of the application, that you provided to Sun Life as evidence of insurability.

For insured benefits, on reasonable notice, you may also request a copy of the contract.

The first copy will be provided at no cost to you but a fee may be charged for subsequent copies.

All requests for copies of documents should be directed to one of the following sources:

- our Sun Life Financial Plan Member Services website at www.mysunlife.ca.
- our Sun Life Financial Customer Care centre by calling toll-free at 1-800-361-6212.

When coverage ends Your coverage will end on the earlier of the following dates:

- the end of the period for which premiums have been paid to Sun Life for your coverage.
- the date the benefit provision under which you are covered terminates.

A dependent's coverage terminates on the earlier of the following dates:

- the date your coverage ends.
- the date the dependent is no longer an eligible dependent.

The termination of coverage may vary from benefit to benefit. For information about the termination of a specific benefit, please refer to the appropriate section of this retiree benefits booklet.

However, if you die while covered by this plan, coverage for your dependents will continue until the earlier of the following dates:

- the date the person would no longer be considered your dependent under this plan if you were still alive.
- the date the benefit provision under which the dependent is covered terminates.

Replacement coverage

The group contract will be interpreted and administered according to all applicable legislation and the guidelines of the Canadian Life and Health Insurance Association concerning the continuation of insurance following contract termination and the replacement of group insurance.

Sun Life will not be responsible for paying benefits if an insurer under a previous group contract is responsible for paying similar benefits.

Making claims

Sun Life is dedicated to processing your claims promptly and efficiently. You should contact your employer to get the proper form to make a claim.

There are time limits for making claims. These limits are discussed in the appropriate sections of this employee benefits booklet. If you fail to abide by these time limits, you may not be entitled to some or all benefit payments.

All claims must be made in writing on forms approved by Sun Life.

For the assessment of a claim, Sun Life may require medical records or reports, proof of payment, itemized bills, or other information Sun Life considers necessary. Proof of claim is at your expense.

Legal actions for insured benefits

Except where or when applicable legislation permits the use of a different limitation period, every action or proceeding against an insurer for the recovery of insurance money payable under this contract is absolutely barred unless commenced within the time set out in the Insurance Act or the time set out in such other legislation as may apply to a claim, action or proceeding for insurance money.

Where or when applicable legislation permits the use of a different limitation period, no legal action or proceeding may be brought against Sun Life:

- regarding any claims for which no payment has been made by Sun Life, more than one year after the end of the time period in which the initial submission of proof of claim is required by the terms of the contract, or

- regarding claims for which some payment has been made by Sun Life, more than one year after the last payment made by Sun Life with respect to the claim.

Legal actions for self-insured benefits

No legal action may be brought by you more than one year after the date we must receive your claim forms.

Claims services

The following services have been set up to assist you in better understanding your Benefit Programs. You may direct your questions, comments or concerns to your Human Resources Representative at McMaster University.

If you have a question concerning a specific medical or dental claim, please call Sun Life at 1.800.361.6212. Your name, policy number (25018) and certificate number (employee ID number), which are shown on your Sun Life card should be provided. You may also email Sun Life at askus@sunlife.com.

In addition to the above information, please include your spouse or dependents' name as applicable, type of claim and your phone number.

If the question is about a claim that has already been paid or declined, provide the "claim" or "control" number located on your Explanation of Benefits (EOB).

If you have a question concerning your coverage for Life Insurance, please contact your Human Resources Representative at McMaster University.

If you need forms for claims or to make positive enrolment changes please contact your Human Resources Representative at McMaster University or access the forms on line at www.workingatmcmaster.ca on their website.

All eligibility issues are between you and the University. Sun Life pays claims based on information you provide to the University. If claims are submitted and you have not enrolled your dependents, they will not be covered. Only expenses incurred after the date of

enrolment can be honoured. If a problem arises, call your Human Resources Representative at McMaster University.

All questions regarding what constitutes reasonable and necessary expenses are determined by the insurer in accordance with our contract and common practices within the insurance industry for policies of this type. Where you have questions that concern a particular treatment, or plan of treatment, you should contact Sun Life.

Coordination of benefits

If you or your dependents are covered for Extended Health Care or Dental Care under this plan and another plan, our benefits will be coordinated with the other plan following insurance industry standards. These standards determine which plan you should claim from first.

The plan that does not contain a coordination of benefits clause is considered to be the first payer and therefore pays benefits before a plan which includes a coordination of benefits clause.

For dental accidents, health plans with dental accident coverage pay benefits before dental plans.

The maximum amount that you can receive from all plans for eligible expenses is 100% of actual expenses.

Where both plans contain a coordination of benefits clause, claims must be submitted in the order described below.

Claims for you and your spouse should be submitted in the following order:

- the plan where the person is covered as an employee. If the person is an employee under two plans, the following order applies:
 - the plan where the person is covered as an active full-time employee.
 - the plan where the person is covered as an active part-time employee.

- the plan where the person is covered as a retiree.
- the plan where the person is covered as a dependent.

Claims for a child should be submitted in the following order:

- the plan where the child is covered as an employee.
- the plan where the child is covered under a student health or dental plan provided through an educational institution.
- the plan of the parent with the earlier birth date (month and day) in the calendar year. For example, if your birthday is May 1 and your spouse's birthday is June 5, you must claim under your plan first.
- the plan of the parent whose first name begins with the earlier letter in the alphabet, if the parents have the same birth date.

The above order applies in all situations except when parents are separated/divorced and there is no joint custody of the child, in which case the following order applies:

- the plan of the parent with custody of the child.
- the plan of the spouse of the parent with custody of the child.
- the plan of the parent not having custody of the child.
- the plan of the spouse of the parent not having custody of the child.

When you submit a claim, you have an obligation to disclose to Sun Life all other equivalent coverage that you or your dependents have.

Your employer can help you determine which plan you should claim from first.

Medical examination We can require you to have a medical examination if you make a claim for benefits. We will pay for the cost of the examination. If you fail or

refuse to have this examination, we will not pay any benefit.

Recovering overpayments

We have the right to recover all overpayments of benefits either by deducting from other benefits or by any other available legal means.

Extended Health Care (Medicare Supplement)

Plan administrator	<i>This benefit is administered by Sun Life Assurance Company of Canada on behalf of McMaster University.</i>
General description of the coverage	<p>The contract holder has the sole legal and financial liability for this benefit. Sun Life only acts as administrator on behalf of the contract holder.</p> <p>In this section, <i>you</i> means the retiree and all dependents covered for Extended Health Care benefits.</p> <p>Extended Health Care coverage pays for eligible services or supplies for you that are medically necessary for the treatment of an illness. <i>Medically necessary</i> means generally recognized by the Canadian medical profession as effective, appropriate and required in the treatment of an illness in accordance with Canadian medical standards.</p> <p>To qualify for this coverage you must be entitled to benefits under a provincial medicare plan or federal government plan that provides similar benefits.</p> <p>An expense must be claimed for the benefit year in which the expense is incurred. You incur an expense on the date the service is received or the supplies are purchased or rented.</p> <p>The benefit year is from July 1 to June 30.</p>
Deductible	<p>The deductible is the portion of claims that you are responsible for paying.</p> <p>For general medical devices the deductible is \$50 each benefit year for each person.</p> <p>For prescription drugs the deductible is the portion of any dispensing fee over \$6.50 for each prescription or refill.</p>

For other expenses, there is no deductible.

Prescription drugs

We will cover 100% of the cost of the following drugs and supplies that are prescribed by a doctor or dentist and are obtained from a pharmacist. Drugs covered under this plan must have a Drug Identification Number (DIN) in order to be eligible.

- selected drugs and supplies that are therapeutically useful and cost effective, and listed in the TELUS Health Solutions RX05 Formulary. Approved new brand name drugs and generic drugs where the brand name drug is eligible under this plan will be added on a regular basis.
- vaccines that legally require a prescription.
- compounded preparations, provided that the principal active ingredient is an eligible expense and has a DIN.
- intrauterine devices (IUDs) and diaphragms.
- colostomy supplies.
- varicose vein injections.

We will cover the cost of the above drugs and supplies after you pay the deductible.

Payments for any single purchase are limited to quantities that can reasonably be used in a 34 day period or, in the case of certain maintenance drugs, in a 100 day period as ordered by a doctor.

Drug substitution limit

Charges in excess of the lowest priced equivalent drug are not covered unless specifically approved by Sun Life. To assess the medical necessity of a higher priced drug, Sun Life will require you and your doctor to complete and submit an exception form.

Other health professionals allowed to prescribe drugs

We reimburse certain drugs prescribed by other qualified health professionals the same way as if the drugs were prescribed by a doctor or a dentist if the applicable provincial legislation permits them to prescribe those drugs.

Hospital expenses in your province

We will cover 100% of the costs for out-patient services in a hospital, except for any services explicitly excluded under this benefit, in the province where you live.

We will also cover the cost of room and board in a convalescent hospital if this care has been ordered by a doctor as long as it is primarily for rehabilitation, and not for custodial care.

We will also cover the cost of confinement in a rehabilitation centre which is operated by the province of Ontario for treatment of drug addiction or alcoholism, provided the cost has been approved in writing by Sun Life.

The maximum amount payable for convalescent hospital or for a rehabilitation centre is \$20 per day up to a maximum of 120 days in a benefit year.

For purposes of this plan, a *convalescent hospital* is a facility licensed to provide convalescent care and treatment for sick or injured patients on an in-patient basis. Nursing and medical care must be available 24 hours a day. It does not include a nursing home, rest home, home for the aged or chronically ill, sanatorium or a facility for treating alcohol or drug abuse.

A *hospital* is a facility licensed to provide care and treatment for sick or injured patients, primarily while they are acutely ill. It must have facilities for diagnostic treatment and major surgery. Nursing care must be available 24 hours a day. It does not include a nursing home, rest home, home for the aged or chronically ill, sanatorium, convalescent hospital or a facility for treating alcohol or drug abuse or beds set aside for any of these purposes in a hospital.

Retirees living outside of Ontario but within Canada

Medical benefits are continued regardless of where you choose to reside within Canada.

It should be noted, however, that Sun Life will not reimburse expenses which they would not have paid had you continued to reside in Ontario.

For instance, any prescribed drugs that would have been paid by the Ontario provincial health insurance plan for an individual over age 65 would not be reimbursed under our plan.

With regard to the "out of province" coverage, you are provided with coverage of \$10,000 (lifetime maximum) for emergency services outside your place of residence.

For instance if you live in Alberta, that would be your place of residence.

You must pay for services first, and then submit claims to Sun Life who will deduct the amount that the Ontario Health Insurance Plan would have paid had you been a resident of Ontario and then pay up to the reasonable and customary rates for the region where the services were provided.

It should be noted that you should submit all bills since those items covered do change and no comprehensive list exists at any one time which could assist you.

Claims not submitted in English may cause problems which will lead to difficulty in payment of the claims. It is recommended that you take extra care in having your doctors and dentists clearly describe the treatments to enable the insurance company to properly adjudicate your claims.

**Expenses out of
your province**

We will cover emergency services while you are outside the province where you live. We will also cover referred services.

For both emergency services and referred services, we will cover the cost of:

- hospital services, other than room and board, provided outside of Canada.
- out-patient services in a hospital.
- the services of a doctor.

Expenses for all other services or supplies eligible under this plan are also covered when they are incurred outside the province where you live, subject to the reimbursement level and all conditions applicable to those expenses.

Emergency services We will pay 100% of the cost of covered emergency services.

We will only cover emergency services obtained within 60 days of the date you leave the province where you live. If hospitalization occurs within this period, in-patient services are covered until the date you are discharged.

Emergency services mean any reasonable medical services or supplies, including advice, treatment, medical procedures or surgery, required as a result of an emergency. When a person has a chronic condition, emergency services do not include treatment provided as part of an established management program that existed prior to the person leaving the province where the person lives.

Emergency means an acute illness or accidental injury that requires immediate, medically necessary treatment prescribed by a doctor.

At the time of an emergency, you or someone with you must contact Sun Life's Emergency Travel Assistance provider, Europ Assistance USA, Inc. (*Europ Assistance*). All invasive and investigative procedures (including any surgery, angiogram, MRI, PET scan, CAT scan), must be pre-authorized by Europ Assistance prior to being performed, except in extreme circumstances where surgery is performed on an emergency basis immediately following admission to a hospital.

If contact with Europ Assistance cannot be made before services are provided, contact with Europ Assistance must be made as soon as possible afterwards. If contact is not made and emergency services are provided in circumstances where contact could reasonably have been made, then Sun Life has the right to deny or limit payments for all expenses related to that emergency.

An emergency ends when you are medically stable to return to the province where you live.

As soon as Europ Assistance is notified that you have a medical emergency, its staff, or a physician designated by Europ Assistance, will, when necessary, attempt to establish communications with the attending medical personnel to obtain an understanding of the situation and to monitor your condition. If necessary, Europ Assistance will also guarantee or advance payment of the expenses incurred to the provider of the medical service.

Europ Assistance may determine, in consultation with an attending physician, that it is necessary for you to be transported under medical supervision to a different hospital or treatment facility or to be sent home. In these cases, Europ Assistance will arrange, guarantee, and if necessary, advance the payment for your transportation.

Sun Life or Europ Assistance, based on available medical evidence, will make the final decision whether you should be moved, when, how and to where you should be moved and what medical equipment, supplies and personnel are needed.

You do not have to send claims for doctors' or hospital fees to your provincial medicare plan first. This way you receive your refund faster. Sun Life and Europ Assistance coordinate the whole process with most provincial plans and all insurers, and send you a cheque for the eligible expenses. Europ Assistance will ask you to sign a form authorizing them to act on your behalf.

If you are covered under this group plan and certain other plans, we will coordinate payments with the other plans in accordance with guidelines adopted by the Canadian Life and Health Insurance Association. The plan from which you make the first claim will be responsible for managing and assessing the claim. It has the right to recover from the other plans the expenses that exceed its share.

***Emergency services
excluded from
coverage***

Any expenses related to the following emergency services are not covered:

- services that are not immediately required or which could reasonably be delayed until you return to the province where you

live, unless your medical condition reasonably prevents you from returning to that province prior to receiving the medical services.

- services relating to an illness or injury which caused the emergency, after such emergency ends.
- continuing services, arising directly or indirectly out of the original emergency or any recurrence of it, after the date that Sun Life or Europ Assistance, based on available medical evidence, determines that you can be returned to the province where you live, and you refuse to return.
- services which are required for the same illness or injury for which you received emergency services, including any complications arising out of that illness or injury, if you had unreasonably refused or neglected to receive the recommended medical services.
- where the trip was taken to obtain medical services for an illness or injury, services related to that illness or injury, including any complications or any emergency arising directly or indirectly out of that illness or injury.

Referred services *Referred services* must be for the treatment of an illness and ordered in writing by a doctor located in the province where you live. We will pay 80% of the costs of referred services. Your provincial medicare plan must agree in writing to pay benefits for the referred services.

All referred services must be:

- obtained in Canada, if available, regardless of any waiting lists, and
- covered by the medicare plan in the province where you live.

However, if referred services are not available in Canada, they may be obtained outside of Canada.

<i>Emergency services out of your province</i>	Expenses incurred for emergency services outside the province where you live are subject to a lifetime maximum of \$10,000 per person or, if lower, any other applicable lifetime maximum.
Private duty nurse services	<p>We will cover out-of-hospital private duty nurse services when medically necessary and when ordered by a doctor. Services must be for nursing care, and not for custodial care. The private duty nurse must be a nurse, or nursing assistant who is licensed, certified or registered in the province where you live and who does not normally live with you. The services of a registered nurse are eligible only when someone with lesser qualifications cannot perform the duties.</p> <p>We will cover 40% of the first \$25,000 of eligible expenses (equals \$10,000) and where eligible expenses exceed \$25,000, we will pay 80% of the next \$25,000 (equals \$20,000) of eligible expenses per person. Each benefit year after a claim has been paid, 1/2 of the amount utilized will be reinstated. After 2 benefit years with no claims, entitlement is returned to full coverage.</p>

We will cover 100% of these costs up to a maximum of \$250 per person for one purchase every 24 months.

We will also cover 100% of the following costs:

- the initial purchase of prescription glasses if required as the result of an accident when prescribed by an ophthalmologist or licensed optometrist and obtained from an ophthalmologist, licensed optometrist or optician.
- lenses required as a result of cataract surgery, up to a maximum of \$250 per eye.

We will not pay for sunglasses, magnifying glasses, or safety glasses of any kind, unless they are prescription glasses needed for the correction

of vision. Repairs to eyeglass frames are also excluded.

What is not covered We will not pay for the costs of:

- services or supplies payable or available (regardless of any waiting list) under any government-sponsored plan or program, except as described below under *Integration with government programs*.
- services or supplies to the extent that their costs exceed the reasonable and usual rates in the locality where the services or supplies are provided.
- equipment that Sun Life considers ineligible (examples of this equipment are orthopaedic mattresses, exercise equipment, air-conditioning or air-purifying equipment, whirlpools and humidifiers).
- any services or supplies that are not usually provided to treat an illness, including experimental or investigational treatments. *Experimental or investigational treatments* mean treatments that are not approved by Health Canada or other government regulatory body for the general public.
- services or supplies that do not qualify as medical expenses under the Income Tax Act (Canada).
- services or supplies for which no charge would have been made in the absence of this coverage.

We will not pay benefits when the claim is for an illness resulting from:

- the hostile action of any armed forces, insurrection or participation in a riot or civil commotion.
- any work for which you were compensated that was not done for the employer who is providing this plan.
- participation in a criminal offence.

Integration with

This plan will integrate with benefits payable or available under the

government programs

government-sponsored plan or program (the *government program*).

The covered expense under this plan is that portion of the expense that is not payable or available under the government program, regardless of:

- whether you have made an application to the government program,
- whether coverage under this plan affects your eligibility or entitlement to any benefits under the government program, or
- any waiting lists.

When and how to make a claim

To make a claim, complete the claim form that is available from your Human Resources Representative at McMaster University.

In order for you to receive benefits, we must receive a claim at the earlier of:

- prior to September 30th following the end of the benefit year (July 1 to June 30) in which the claims were incurred, or
- the end of your Extended Health Care coverage.

Dental Care

Plan administrator *This benefit is administered by Sun Life Assurance Company of Canada on behalf of McMaster University.*

General description of the coverage The contract holder has the sole legal and financial liability for this benefit. Sun Life only acts as administrator on behalf of the contract holder.

In this section, *you* means the retiree and all dependents covered for Dental Care benefits.

Dental Care coverage pays for eligible expenses that you incur for dental procedures provided by a licensed dentist, denturist, dental hygienist and anaesthetist while you are covered by this group plan.

For each dental procedure, we will only cover reasonable expenses. We will not cover more than the fee stated in the Dental Association Fee Guide for general practitioners of the province of Ontario, regardless of where the treatment is received.

If services are provided by a board qualified specialist in endodontics, prosthodontics, oral surgery, periodontics, paedodontics or orthodontics whose dental practice is limited to that speciality, then the fee guide approved by the provincial Dental Association for that specialist will be used.

When a fee guide is not published for a given year, the term *fee guide* may also mean an adjusted fee guide established by Sun Life.

When deciding what we will pay for a procedure, we will first find out if other or alternate procedures could have been done. These alternate procedures must be part of usual and accepted dental work and must obtain as adequate a result as the procedure that the dentist performed. We will not pay more than the reasonable cost of the least expensive alternate procedure.

For an implant related crown or prosthesis, we will pay the benefit that would have been payable under this plan for a tooth supported crown or a non implant related prosthesis, respectively. We will take into account any limitations that would have applied if there had been no implant. All other expenses related to implants, including surgery charges, are not covered.

If you receive any temporary dental service, it will be included as part of the final dental procedure used to correct the problem and not as a separate procedure. The fee for the permanent service will be used to determine the usual and reasonable charge for the final dental service.

An expense must be claimed for the benefit year in which the expense is incurred. You incur an expense on the date your dentist performs a single appointment procedure or an orthodontic procedure. For other procedures which take more than one appointment, you incur an expense once the entire procedure is completed.

The benefit year is from July 1 to June 30.

Deductible

There is no deductible for this coverage.

Emergency expenses out of your province of residence

Expenses incurred for emergency dental services out of your province of residence are eligible if:

- they represent the usual, customary and reasonable charges for the procedures in the locality where they are performed, and
- charges for such procedures would be paid under this policy had the procedures been performed in your province of residence, or if you do not reside in Canada, in the province of the place of issue.

For expenses incurred for other than emergency dental services out of your province of residence, we will not cover more than the fee stated in the Dental Association Fee Guide for general practitioners of the province of Ontario, regardless of where the treatment is received.

Predetermination We suggest that you send Sun Life an estimate, before the work is done, for any major treatment or any procedure that will cost more than \$500. You should send Sun Life a completed dental claim form that shows the treatment that the dentist is planning and the cost. Both you and the dentist will have to complete parts of the claim form. Sun Life will tell you how much of the planned treatment is covered. This way you will know how much of the cost you will be responsible for before the work is done.
