

Getting Started: Annual Goal Setting and Performance Review Cycle

STEP 1	STEP 2	STEP 3
June - September	December - January	May - June
Review department priorities; hold planning conversations and create/ document goals for the coming year	Review goals progress to date; hold Mid-Year conversations and document any required changes	Review final goals progress, and how capabilities were demonstrated; hold Year-End conversations; complete final acknowledgment

NOTE: While a mid-year review is suggested, it is not required. Best practice is to hold more frequent discussions throughout the year.
