Chemical Inventory Process Flow

1. Address chemicals to CSB General Receiving

2. Barcoded chemical arrives at lab ready in your inventory

3. Chemicals and SDSs searchable in inventory

4. To dispose: Empty and triple rinse

5. Deface chemical label

6. Attach green "notice" label

7. Delist Chemical: Scan out by Hazardous Waste company or attaching barcode to EOHSS Barcode Disposal Sheet

For more information contact EOHSS (ext. 24352)
