

Setting Up a “Virtual Watch Party”

Enjoying Our Events “Together”

Do you miss attending events with your colleagues, teams, and work friends? While we may still have to be apart for the time being, the ConnectME Committee has come up with some helpful ways to enjoy our programs together, by setting up a Virtual Watch Party!

Here are the steps in how to be together, separately!

1. Register for one of our events by visiting [our website](#). Everyone in the virtual watch party must be signed up to participate.
2. Set up a group chat on Teams with your colleagues who are interested in participating.
3. Using Teams, one person can share their screen. Select the window you will be sharing, and ensure that window has our event playing. Make sure your computer sound is enabled so everybody can hear the audio
4. Watch the event together, and engage with one another.

*Please note that there may be a delay due to streaming quality.

Do you have any other ideas as to how to bring people together using technology? We would love to hear from you! Please reach out to connectme@mcmaster.ca
