Supporting Document

Please attach all supporting references and supporting documents in this section.

Supporting References:

- Each nomination must be supported by a minimum of three and a maximum of six supporting reference letters. The reference letters may be a maximum of 500 words, or a maximum of a 1-minute video submission. The reference letter or video must clearly indicate the referee's name, title, and affiliation with the University, and must reference the name of the individual or group being nominated.
- **Supporting references longer than 500 words (or a 1-minute video) WILL NOT BE ACCEPTED.**
- The nominator may not be a supporting reference.
- The nominee's current supervisor must be either the nominator or one of the supporting references for the nomination
- At least one referee must be either a current faculty or staff member of the University.
- Be selective in whom you choose to support your nomination as one of the criteria the Advisory Committee uses in evaluating nominations is the strength and diversity of supporting references. Therefore, if you select supporting references from different functions and departments within and/or external to the University, this will improve the score of the nomination. A good practice is to request a copy of the supporting reference letter in advance of the deadline, so you have time to request edits, if required.

Additional Supporting Materials:

- You may submit documents or media to support your nomination. All materials must be provided in digital format (i.e. video, electronic files). Please do not include photographs of the nominee. The smaller of 10MB total maximum or a 4-pages document beyond the nomination questions is allowed.
